FLOWCINE X MOUNT (HARDMOUNT) // ACCESS TO RICKSHAW IF REQUESTED

I am a working steadicam operator with my own professional steadicam rig. I've spent seven years working professionally within the industry with TV drama and commercials, and on feature films, and completed the GBCT's steadicam workshop in 2019. I started out as a photographer, with a BA (hons) in Photojournalism from The London College of Communication (2012) and these skills have proved invaluable in my operation work.
