I am a working camera operator with my own professional steadicam rig with experience on Dolly's/Cranes/ Handheld. I've spent eleven years working professionally within the industry with TV drama and commercials, and on feature films, and completed the GBCT's steadicam workshop in 2019. I started out as a photographer, with a BA (hons) in Photojournalism from The London College of Communication (2012) and these skills have proved invaluable in my operation work.
